# Instruction Steps

Adobe After Effects CC 2017 (software) or newer version required to open and add your media.

## First download font and install

-----Here are a few instructions that will help -----

After install font, open After Effect project. Open Folder **“ADD YOUR MEDIA”** Here you can add media for your project.

Open **“Scene 01 / BG Media 01”** composition. Import your media and drag into timeline.

Also open **“Your Logo”** composition. Import your Logo and drag into timeline.

After add all media, Open **“Essential Graphics”** panel

Type your MOGRT name and export Motion Graphics Template

Select the desired output location

Open Premiere Pro Essential Graphics panel

Open Premiere Pro Essential Graphics panel and import your MOGRT file

Drag into timeline and open edit panel

You can edit all text on EDIT panel

You can edit color on **EDIT** panel

## -----AUDIO-----

In Premiere Pro click on the menu option: File > Import > File (search the audio file, click on it, then click Open). Drag and drop your audio in timeline.

## -----RENDER VIDEO-----

Click on the menu option Export > Media... to render queue

Select the desired output format and the video location. Click on Export option.
